

# Steward Call button ◀

more infos...

*Powered by Akumendo framework, our **Service Call** button server system can be used in addition to the Akumendo Steward call IOS application. It contributes to our focus for **more** efficient solutions and for fast service to your **Guests and Owner***

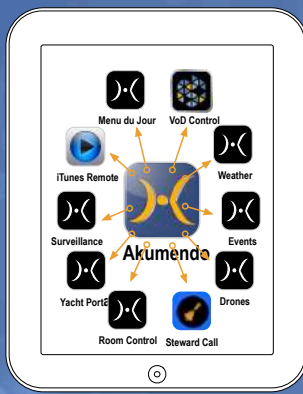

*Our system is part of a wider **function** based on a set of stand-alone options to leverage **Crew and Staff** workflow...*

- **Steward Calls can be sent from any location on the boat :**
  - ▶ wireless call button connected to local IP base receiver
  - ▶ call button integrable within your control system (e.g. Crestron)
  - ▶ or, ideally, within our Akumendo framework User Interface...
- **Seamless customization and integration on demand**
  - ▶ incorporated inside walls or furnitures
  - ▶ with stylish support device customized with boat interior
- **Crew members are notified anywhere and can acknowledge calls :**
  - ▶ from any personal carry-on iPad, iPhone or Apple Watch
  - ▶ from wall mounted iPad or iPod Touch (e.g. in Pantries)
  - ▶ from handheld UHF through optional gateway (e.g. Motorola)
- **Crew call notifications come along with custom jingles giving call origin...**
- **All Steward Calls activity is logged and can be exported...**
- **Easy integration with other Akumendo sub-systems like our Crew Desk App, Alarm App and Crestron wall panels...**
